Folsom Fire Dept: (916) 492-6128

CERT Registration

If you would like to register for CERT training, please send your Name, Address, Phone Number, and Email Address to cert@metrofire.ca.gov OR call the Metro Fire CERT Program Voice Mail Box at (916) 859-3776 and leave this information. More information about the program can be found at the Metro Fire Website at: <http://www.metrofire.ca.gov>

CERT TRAINING is designed to prepare you to help yourself, your family, and your neighbors in the event of a catastrophic disaster. Because emergency services personnel will not be able to help everyone immediately, you can make a difference by using CERT training to save lives and protect property. This training covers basic skills that are important to know in a disaster when emergency services are not available. With training and practice and by working as a team, you will be able to do the greatest good for the greatest number of people after a disaster, while protecting yourself from becoming a victim. The job of trained CERTs is not to add to the burden of professional emergency services, but to manage existing resources until professional assistance becomes available.
