

# SACRAMENTO METROPOLITAN FIRE DISTRICT

SERVES  
**OVER 720K**  
PEOPLE

RESPONDS TO  
**100K+**  
EMERGENCIES A YEAR

## GROWING CALL VOLUME STRAINS LOCAL FIRE AND EMERGENCY RESPONSE SERVICE

Increasing call volume for medical and fire emergencies over 10 years

**30% increase** for  
medical emergencies

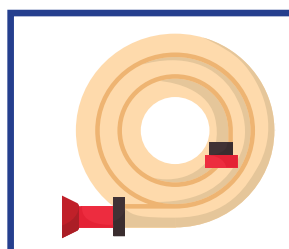

**40% increase**  
for fire emergencies

**4/10** medical calls  
have a **20+ minute**  
response time

**Every minute** a fire  
**DOUBLES** in size

## AGING, DETERIORATING STATIONS AND EMERGENCY VEHICLES COULD LEAD TO UNSAFE WORKING CONDITIONS AND IMPACT RESPONSE TIMES

Lifesaving equipment  
**Outdated & Deteriorating**

**73%**  
of Fire Engines  
reaching **End**  
of **lifespan**

Firefighters exposed to  
**Cancer Causing**  
Indoor air pollution

Fire stations  
are **50+**  
**years old**

### Comprehensive Capital Needs Assessment Exceed the Current Budget:

Replace outdated + deteriorating  
lifesaving equipment

Improving aging fire stations

Ensure reduction for firefighter exposure  
to air pollution

Equip station for rapid response to medical + fire emergencies

Provide additional emergency response resources  
to ensure rapid emergency response

Construct new stations in high-population areas  
to reduce response times

### MEASURE O COULD ADDRESS NEEDS:

- ✓ \$415 million for funding needs
- ✓ \$19 per \$100,000 of assessed home value
- ✓ \$6.50 per month for the typical property taxpayer
- ✓ Local control + fiscal accountability

### MEASURE O WOULD HELP THE DISTRICT:

- ✓ Maintain fire + medical emergency response times
- ✓ Sustain local fire protection
- ✓ Protect natural disaster response + wildfire prevention
- ✓ Support rural fire protection + emergency medical response services
- ✓ Attract and retain qualified firefighters + paramedics
