RE: FY 2020/21 Mid-Year Budget Adjustments

OVERVIEW

The District utilizes an ongoing budget review process that includes a comparison of budgeted and actual results at the divisional level and a quarterly review of District-wide revenues and expenditures by Executive Staff and all budget officers. This review process allows for continual budget refinement based on the availability of new information, including actual spending and revenues, revised project schedules, and new program developments. The recommended FY 2020/21 Mid-Year Budget adjustments were developed as a result of this review process, and are based on actual spending and revenues through December 31, 2020 and projections for the remainder of the fiscal year.

The ongoing COVID-19 pandemic and associated stay at home orders that began in March 2020 introduced tremendous uncertainty regarding the economic outlook and the potential for negative impacts to District revenues and expenditures in future years. While the District did not anticipate significant impacts during FY 2020/21 due to the timing of property tax assessments and pension valuations, the potential for future year impacts led to a cautious approach for development of the FY 2020/21 budget. Actual experience for the first 6 months of the fiscal year has shown that medic cost recovery revenues have been lower than budgeted while overtime costs have been higher than budgeted. These impacts have been partially offset by higher revenues and lower expenditures in other areas.

As described in more detail below, the recommended Mid-Year Budget adjustments result in a reduction in the General Fund budget surplus from approximately \$2 million to approximately \$1 million, with the remaining budget surplus derived from Mobile Integrated Health (MIH) funding received during FY 2020/21 that will be spent in future years.

DISCUSSION

General Fund Revenues

FY 2020/21 General Fund revenues are projected to be \$1.3 million less than currently

budgeted, for a total of \$228.8 million. Recommended mid-year adjustments to revenues include:

- Deployments: A \$2.0 million reduction in deployment reimbursements reflects lower than expected deployment activity this fiscal year. This revenue is partially offset by a \$1.7 million reduction to the labor budget for deployment expenditures.
- Medic Cost Recovery: The Mid-Year Budget includes a \$1.9 million reduction in medic revenues based on year-to-date activity.
- Contract Service Revenue: A \$0.9 million increase in budgeted contract service revenue results primarily from a new contract with Sacramento County to perform mobile COVID-19 testing services.
- Property Taxes: Amounts received to date for property tax revenues not tied to the current assessment rolls result in a \$0.8 million increase in budgeted property tax revenues.

General Fund Expenditures

Mid-Year Budget adjustments to General Fund expenditures result in a \$0.7 million overall increase, for a total expenditure budget of \$230.6 million.

Labor

Adjustments to the labor budget resulting in an increase of \$1.5 million, for a total labor budget of \$196.4 million, include the following:

- Higher than anticipated year to date expenditures, due in part to COVID-19-related workers' compensation claims, result in a \$4.6 million net increase in the callback overtime budget. This net increase is the result of adjusting for higher overtime costs due to position vacancies and hours originally budgeted as shift overtime and adjusting for lower costs resulting from lower than expected deployment activity.
- As identified in the revenue adjustments, lower than expected deployment activity results in a \$1.7 million reduction to the labor budget.
- An additional savings of \$1.6 million is estimated due to position vacancies not reflected in the net increase in callback overtime.

Other Expenditures

The Mid-Year Budget for General Fund services and supplies represents a \$1.2 million reduction compared to Final Budget, for a total of \$29.6 million, resulting from a deferral of certain expenditures due to current COVID-19 restrictions and in an effort to reduce costs. Additionally, the Mid-Year Budget for Taxes, Licenses, Debt Service & Others represents an increase of \$0.4 million compared to Final Budget, for a total budget of \$4.6 million. This increase results from

additional payments required for the Ground Emergency Medical Transport Quality Assurance Fee (GEMT QAF) due to an increase in the QAF rate that was not known at the time the Final Budget was prepared.

General Fund Transfers

Mid-Year adjustments to transfers in to and out of the General Fund result in a net increase in General Fund resources of \$0.6 million compared to Final Budget. Changes include a reduction in the transfer out to the Capital Facilities Fund of \$0.5 million due to lower than budgeted debt service and an increase in the transfer in from the IGT Fund due to higher than budgeted revenue, including interest earnings.

General Fund Summary

With the proposed Mid-Year adjustments, budgeted General Fund revenues would be \$229 million compared to expenditures of \$231 million. Transfers in to the General Fund (from the IGT Fund) would exceed transfers out of the General Fund (to the Capital Facilities and Grants Funds) by approximately \$3 million, resulting in an overall budgeted General Fund surplus of approximately \$1 million, primarily attributable to MIH Program funding received during FY 2020/21 that will be dedicated to future year program expenditures.

After the proposed Mid-Year adjustments, the General Fund Operating Reserve balance is expected to be \$34 million, or approximately 15% of net budgeted expenditures, as of June 30, 2021.

Other Funds

Mid-Year Budget adjustments for the Capital Facilities, Pension Obligation Bond, Grants, Development Impact Fees, Leased Properties, and IGT Funds are included in the attachments. In addition to the transfer activity described above, other significant changes include the transfer of excess fund balance from the Pension Obligation Bond Fund (\$0.2 million) and the Grants Fund (\$0.7 million) to the Capital Facilities Fund in order to enhance the District's Capital Replacement Reserve.

RECOMMENDATION

Staff recommends adopting the Mid-Year Budget adjustments for the fiscal year ending June 30, 2021.

SUBJECT: **CSDA BOARD OF DIRECTORS CALL FOR NOMINATIONS
SEAT A**

The Elections and Bylaws Committee is looking for Independent Special District Board Members or their General Managers who are interested in leading the direction of the California Special Districts Association for the 2022 - 2024 term.

The leadership of CSDA is elected from its six geographical networks. Each of the six networks has three seats on the Board with staggered 3-year terms. Candidates must be affiliated with an independent special district that is a CSDA Regular Member in good standing and located within the geographic network that they seek to represent. (See attached CSDA Network Map)

The CSDA Board of Directors is the governing body responsible for all policy decisions related to CSDA's member services, legislative advocacy, education and resources. The Board of Directors is crucial to the operation of the Association and to the representation of the common interests of all California's special districts before the Legislature and the State Administration. Serving on the Board requires one's interest in the issues confronting special districts statewide.

Commitment and Expectations:

- Attend all Board meetings, usually 4-5 meetings annually, at the CSDA office in Sacramento.
- Participate on at least one committee, meets 3-5 times a year at the CSDA office in Sacramento.
(CSDA reimburses Directors for their related expenses for Board and committee meetings as outlined in Board policy).
- Attend, at minimum, the following CSDA annual events: Special Districts Legislative Days - held in the spring, and the CSDA Annual Conference - held in the fall.
*(CSDA does **not** reimburse expenses for the two conferences even if a Board or committee meeting is held in conjunction with the event)*
- Complete all four modules of CSDA's Special District Leadership Academy within 2 years of being elected.
*(CSDA does **not** reimburse expenses for the Academy classes even if a Board or committee meeting is held in conjunction with the event).*

Nomination Procedures: Any Regular Member in good standing is eligible to nominate one person, a board member or managerial employee (as defined by that district's Board of Directors), for election to the CSDA Board of Directors. **A copy of the member district's resolution or minute action and Candidate Information Sheet must accompany the nomination. The deadline for receiving nominations is March 29, 2021. Nominations and supporting documentation may be mailed or emailed.**
